

MELBOURNE 
TRACTORS

melbournetractors.com.au

WELCOME

Melbourne Tractors and its branches are a leading supplier of compact and heavy machinery for construction, earthmoving, landscaping, agriculture, roads and industrial markets. With a long running history, Melbourne Tractors has shaped itself as the leading Australian dealer for brands including Kobelco Excavators, ASV Positrack Loaders, New Holland Construction & Agriculture equipment and MSB breakers to name a few.

Along with machinery sales, our group also boasts world class service centres, field service vehicles and fully equipped parts departments at each branch. All of this to ensure you experience minimal equipment downtime and most importantly maintain the longevity and durability of your machine.

▶ OUR PARTNERS

KOBELCO

Kobelco Excavators have a strong reputation for their fuel efficiency, power, safety and reliability. With over 80 years of developing pioneering technology, you can count on Kobelco excavators to deliver top-class performance. Melbourne Tractors stock Kobelco excavators from 1 tonne up to 50 tonne, as well as recycling excavators.

The ASV logo, consisting of the letters 'ASV' in a stylized, bold, white font with a green outline and a green swoosh underneath.

ASV Posi-Track compact track loaders give you better performance, better balance and higher ground clearance so you can work more productively in a wider range of ground conditions. The models start from 30hp with a 1219mm width and go up to 120hp with a 1842mm width. There are also several forestry models.

New Holland Construction and Agriculture equipment are known for their productivity, safety and performance at attractive price points. Built to last, you can rest assured your New Holland is designed and built to excel in rugged conditions found on Australian construction sites and farms. Melbourne Tractors stock a variety of compact excavators, skidsteers, track loaders, backhoes and telehandlers.

MSB

MSB Breakers and Attachments offer a comprehensive range of powerful, productive and durable hydraulic attachments that are suitable for excavators in the 1 to 50 tonne and above operating weight class.

KENBUILT

KenBuilt Buckets and Attachments are custom built and manufactured by Melbourne Tractors. The KenBuilt range are specifically designed using high quality materials most suitable for Australian working conditions. Whether working in dirt, gravel or other ground conditions, these buckets and attachments will outperform all expectations due to the unique KenBuilt design and tested strength.
